DIVISION OF CHARTS

F. E. 3 (1935)

Lt. Cdr. F. S. Borden,
U. S. Coast & Geodetic Survey,
Washington, D. C.

R.F.S.

Dear Borden:

Sorry we haven't the smooth sheet finished covering the additions to Grenell's work. It will require at least another month. The second draftsman is working on the sheet now. Been a slow job, as the field work was done by two different men, Nelson and Martin, and neither were available when the plotting was done. Martin did some short drag work on the sheet, and he will have to smooth plot it. We can't.

I'm enclosing a tracing of the sub-sheet of Mill River that we made for the U. S. Engineers. Will that help you any?

G. C. Mattison
G. C. Mattison

This tracing was received in reply to information requested in connection with hydrographic surveys in this locality. It can be filed as a chart letter.
F. S. B.

*The smooth sheet covering this work, H-6123 a + b (1933-34) was received June 6, 1936.

April 10, 1935.

To: Lieutenant Commander G. C. Mattison,
U. S. Coast and Geodetic Survey,
P. O. Box 898,
Bridgeport, Connecticut.

From: The Director,
U. S. Coast and Geodetic Survey.

Subject: Tracing of Mill River.

Your letter of March 30, 1935, addressed to Lieutenant Commander F. S. Borden, forwarding a tracing of the sub-sheet of Mill River, made for the U. S. Engineers, is acknowledged, with thanks.

(Signed) J. H. HAWLEY

Acting Director.
