

G.6.a. Mean-lower-low-water served as the tidal datum for this investigation. The reference tide station stood at Grand Isle, LA (876-1724).

G.6.b. Height and time correctors provided by the Project Instructions for the Ship Shoal area are listed in Table G.6.b. Tide tables were applied on-line and during processing.

APPROVED TIDES WERE APPLIED DURING OFFICE PROCESSING

Table G.6.b: Tide and Height Correctors

<u>Hydrographic Area</u>	<u>High Time</u>	<u>Low Time</u>	<u>Height Ratio</u>
East of 091° 30.0' and West of 090° 20.0'	-0 hr 30 min	-0 hr 30 min	x1.26
