MEMORANDUM TO: Brian Mohr
Hydrographic Surveys Division

FROM: Peter Holmberg
Acting Chief, Pacific Hydrographic Branch

SUBJECT: Review of Recon Survey F00625
S-E933-BH2-12
Southern Chesapeake Bay Response
Hampton Roads, Virginia

Survey F00625 has been reviewed with regard to data integrity and completeness of the data submission package, survey field procedures and quality assurance methods and overall data accuracy and quality. Survey F00625 does not comply with the specifications and requirements set forth in the NOS Hydrographic Surveys Specifications and Deliverables Manual, the Field Procedures Manual.

This survey was not intended for compilation but instead was acquired at the request of the USCG to assist in opening the channel for navigation after Hurricane Sandy. The majority of the survey area is within the Army Corps maintained channel and has been dredged since this survey was conducted.

F00625 will be archived at NGDC. No additional processing or products will be generated.
