IN REPLY ADDRESS THE DIRECTOR  
U. S. COAST AND GEODETIC SURVEY  
AND NOT THE SIGNER OF THIS LETTER

AND REFER TO NO. 25-EF

DEPARTMENT OF COMMERCE  
U. S. COAST AND GEODETIC SURVEY  
WASHINGTON

July 21, 1927.

To: The Chief,  
Section of Field Records.

From: The Chief,  
Division of Tides and Currents.

Subject: Plane of reference for Hydrographic Sheet No. 108.

In reply to the memorandum request of the 11th instant,  
the tide reducers of the sounding records for hydrographic  
sheet 108, Barnegat Bay and Inlet, 1840, by <sup>M. Bache</sup>~~Thomas R. Gadney~~,  
U. S. N., Assistant in Coast Survey, has been compared with  
the tide observations, and it appears that the soundings are  
reduced to mean low water.

Hydrographic sheet 108, without its tube, and the two  
volumes of soundings, are returned herewith.

*G. H. Rude*

Chief, Division of Tides and Currents.
