Department of Commerce  
U. S. Coast and Geodetic Survey  
Washington

November 15, 1932.

To: The Chief,  
Division of Charts,

From: The Chief,  
Division of Tides and Currents.

Subject: Datum of Soundings for Hydrographic Sheet No. 494.

The tide reducers of the sounding records for Hydrographic Sheet 494 (Sheet No. 1, Arthur Kill, 1855) have been compared with reducers from tide observations at Governors Island and it appears that the soundings are referred to mean low water.

*Hammner*

Acting Chief, Division of Tides and Currents.
