

March 28, 1927.

Hydrographic Sheet No. 502.

Bellingham Bay, Washington, by James Alden in 1855.

The soundings were reduced to a datum approximately one foot below mean lower low water and should be increased by one foot to refer to the latter datum.

*E. H. Rude*

Chief, Division of Hydrography and Oceanography

*Sheet sent up to be mounted  
on April 1, 1927.*
