<b>DESCRIPTIVE REPORT</b>	
<del>Topographic</del> Hydrographic	} Sheet No. <b>524</b>
LOCALITY	
San Pablo Bay	
19..1856	
CHIEF OF PARTY	
J. Alden	

June 11, 1930.

HYDROGRAPHIC SHEET No. 524.

The tide reducers for Hydrographic Sheet No. 524, San Pablo Bay, Calif., by party of James Alden in 1856, have been examined and appear to accord with the original note entered on the sheet, "The plane of reference is the mean of the lowest low water of each 24 hours", which is now called the mean lower low water.

It is recommended that the note of June 1, 1926, stating that, "The plane of reference is approximately mean lower low water, to reduce to which add 0.5 foot", be cancelled.

Prepared by the Division of Tides and Currents.
