Baltimore, Maryland,

Jan. 7th, 1907.

Mr. O. H. Tittmann,

Superintendent, Coast and Geodetic Survey,

Washington, D. C.

S i r :-

In obedience to Instructions and Memoranda for Descriptive Reports, 1887, I have the honor to submit the following report on Hydrographic Sheet No.2763:

The work consists of a special examination in Flanders Bay, Maine, a tributary of Frenchman's Bay. A complete report of this region was made in the Descriptive Report on Hydrographic Sheet No.2696, dated November 29th., 1904, and no further descriptive report is considered necessary.

Very respectfully,

*P. A. Walker*

Assistant, C. & G. Survey,

Commanding.

# 2763

Sheet 2763 Flanders Bay Me.

The work seems to be all right, and the ground well covered.

The curves on this sheet are in agreement with Sheets 1402 and 1436<sup>6</sup>.

The records for some reason are mixed up with other records. 'a' day is recorded in book with 'a' day for sheet 2696<sup>6</sup> and 'b' day in a separate book with room for 'a' day.

J. L. Down.

Dec. 21<sup>st</sup> 1905
