Baltimore, Maryland,

June 27th, 1906.

2818

Mr. O. H. Tittmann,
Superintendent, Coast and Geodetic Survey,
Washington, D. C.

S i r :-

In obedience to Instructions and Memoranda for Descriptive Reports, 1887, I have the honor to submit the following report on Hydrographic Sheet No.

2. The work consists of the continuation of the hydrographic survey of the South East Channel, Approaches to Key West Harbor, Florida. The channel sweep set to various depths was used in the work.

3. As the survey is supplemental to the work of 1905, for which a descriptive report has already been submitted, and is still in an unfinished condition, no further descriptive report is considered necessary.

Very respectfully,

P. A. Walker

Assistant, C. & G. Survey,

Commanding.
