HYDROGRAPHIC SHEET 3558.

Lake of the Woods, United States and Canada Boundary,
by Asst. F. D. Granger in 1913.

Datum of Soundings.

Bear I. staff ft.	Big I. staff ft.	Oak Pt. staff ft.	Point aux-pins staff ft.
-------------------------	------------------------	-------------------------	-----------------------------------

The datum of soundings adopted
is the mean lake level for the year
1911, which was the lowest yearly
average from observations at Warroad,
Minn., during the years 1903 to 1913,
inclusive, and which corresponds

to a staff reading of -----	2.1	2.1	0.0	2.2
Lowest Water observed -----	1.1	1.1	-1.0	1.2
Highest Water observed -----	7.7	7.7	5.6	7.8
