

The final field sheet was plotted using predicted tides determined from Port O' Connor, Texas with correctors specified for zone "I" in the project instructions. The values were applied direct in accordance with these instructions.

Approved water levels were requested from the Sea and Lake Levels Branch, N/OMA12, in a letter dated August 5, 1991. A copy is included in the Separates Following Survey Data, filed with the Hydrographic Data.

* Filed with the hydrographic data.
