

Tide Correctors

Tidal zoning and correctors applicable to predicted tides for the Anchorage, Alaska, reference station (945-5920) were provided in the Project Instructions. Times are direct for sheet A in tidal zone X, and a $\times 0.98$ range ratio corrector was applied to the heights. Times and heights are direct in tide zone XI for sheet A.

HDAPS listings of the data used in generating tide corrector tables are included in Appendix V of this report, *Filed with the survey records.*

The station descriptions, field tide records, and Field Tide Notes have been forwarded to N/OES212 in accordance with HSG #50 and FPM 4.3. Requests for approved tides have been forwarded to N/OES2. Copies of the Field Tide Notes and the request for approved tides are included in Appendix V, *Filed with the survey records.*
Approved tide note dated January 27, 1993, is attached.
