

An aerial photograph of the Hudson River valley. A pink line representing a TCARI grid follows the river's course. At the top of the grid, there are two horizontal red lines. A vertical red line with arrows at both ends indicates the vertical distance between these two lines. A yellow star marker is located at the southern end of the grid, near the river's mouth. Text boxes provide project details and elevation data.

HRD is 3.80ft below NAVD88

Final TCARI Grid for
OPR-B396-NRT5BH2-2016, H12872
Hudson to Troy, Hudson River
